

Flat Stock Range

We have recently installed a Brand New Machine for the Production of our much loved Brick Range, with some New & Exciting Additions...

A Pressed Brick providing a neater texture and finish available in the majority of colours in our handmade range, with plans to develop these in our Buff Range in the future

These are available in the 65mm & Maxima 327x50mm Format

Viking Range

We have recently installed a Brand New Machine for the Production of our much loved Brick Range, with some New & Exciting Additions...

A Waterstruck variation using our unique clay & resources

To date we have developed this in our Thirkleby, Hambleton & Galtres colours, with plans to explore how this could present across our Buff Range in the future
